# Yorkshire Wolds Virtual Teacher Training Experience 2020-21

*Inspiring the teachers of the future*

December 2020

Last month, 120 students from 12 local 6th form colleges, including yours, attended the **Yorkshire Wolds Virtual Teacher Training Experience**.

This innovative programme is one of the first of its kind to launch in the UK and aims to provide Post 16 students and undergraduates with information about the routes into teaching and develop the skills needed to create a stand out CV and application for teacher training courses in the future.

The students were given a presentation on the benefits and rewards of teaching, information on the financial support that is available for those wishing to apply for teacher training places after their degree and information on what the different providers can offer. The students then completed a masterclass in resource development and lesson planning; which are both crucial skills for the teaching profession and spent some time creating resources for our charity schools in Kenya and Laos. The resources will be sent to the two overseas schools to enhance teaching and learning there as there are currently no CPD opportunities for staff.

This project will not only allow the students on the programme to develop excellent resource development and lesson planning skills but it will also increase the creativity of lessons in Kenya and Laos to allow their students to also reach their limitless potential.

Those signed up to the programme can choose to complete additional sessions on behaviour management and differentiation and will continue to collaborate with the teachers and students in Kenya and Laos to build more creative resources and support the professional development of their staff.

Graduates of our virtual programme will not only benefit from an amazing set of experiences to include on their job applications and CVs, but will also join the **Yorkshire Wolds Teacher Training Guaranteed Interview Scheme** which will enable those on the course to return for a teacher training interview in the future.

Those students who still wish to register their interest for any future sessions are able to do so by emailing **Sarah Barley**, our Trust Director of Employability on [sarah.barley@theeducationalliance.org.uk](mailto:sarah.barley@theeducationalliance.org.uk).

We are also running a Virtual Teacher Training Experience for those considering teacher training whilst studying at university or other FE provider or taking a gap year. The sessions aim to provide more information to those thinking about teacher training and develop a set of skills to create a stand out CV for the profession. Please email Sarah Barley to register your interest.

We look forward to working with all of you in the New Year!

## TRAIN TO TEACH WITH YWTT

The following information is for anyone who has completed their degree or currently working towards completion wishing to apply for teacher training now or in the future. It will also benefit any Sixth Form students who wish to apply upon completion of their degrees.

Yorkshire Wolds Teacher Training is based at the campus of South Hunsley School and Sixth Form, part of The Education Alliance, offering school-led teacher training and the award Qualified Teacher Status (QTS) for trainee teachers. Trainees will experience high quality placements in a wide range of school-based settings which will be as close as possible to their home locations. A map showing our current school placement providers is shown below.

# THE PARTNERSHIP

You can also find out more about each of our partner schools on our website:

<https://ywtt.org.uk/why-train-with-us/partners/>

Please email [sarah.barley@theeducationalliance.org.uk](mailto:sarah.barley@theeducationalliance.org.uk) should you have any questions about our full time teacher training courses.
