22 July 2021

Dear Parent/Carer

## RE: L2 Certificate in Further Maths

I am writing to inform you of the option for your son/daughter to take the Level 2 Certificate in Further Maths as an additional subject next academic year. I am sure many of you will be aware of this qualification and may have expressed interest in Further Maths when completing the options form with your son/daughter. This course will be taught in addition to your son/daughter's option subjects and will be delivered in classes for one session per week which will be held after-school. Upon successful completion of the course, students will gain the equivalent of an additional GCSE at the end of Year 11.

The Level 2 Certificate in Further Maths is aimed at students who are expected to achieve a grade 7, 8 or 9 in GCSE Maths, enjoy maths, who are likely to progress to A Level Maths and A Level Further Maths and would like to gain an extra qualification. **It is important to state that this course is not additional support for students studying GCSE Maths.**

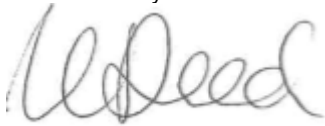

A high level of commitment to this course is required and this lesson will be added to your son/daughter's timetable. There is the expectation for work to be completed in students own time such as homework or assignments as with all subjects at South Hunsley School. Attendance is important and failure to attend the after-school sessions will affect their attendance.

There are many extra-curricular activities that students participate in and in order to minimise the impact on any other commitments, please could you visit this link <https://forms.office.com/Pages/ResponsePage.aspx?id=FQwRfuQAF0eCEfeLYA6iFML1k8SyoKRNieJ6V7g0Z4xUNDJWQ1ZRMEE2M1FTRFIETFRWMEwzN0dDNi4u> and complete the Microsoft form indicating the preferred day for your son/daughter's class. Please select number 1 for the most preferred session and number 3 for the least preferred session – if your son/daughter can't attend a session then please tick the cannot attend box. Every effort will be made to accommodate your preference, but I cannot guarantee a place in your first choice class. Please complete this form by **Wednesday 28 July 2021**.

If you wish to discuss this further, please do not hesitate to contact me.

Thank you for your support.

Yours faithfully

Hannah Reed  
Head of Mathematics
