EcoHunsley Update

MESSAGE FROM HEADTEACHER

Welcome to the first newsletter of the academic year!

Staff returned to school in September delighted that our GCSE and

Post 16 students achieved another superb set of examination results in the summer and have been able to transition successfully to their chosen destinations. Their remarkable achievements are testimony to their diligence, resilience and determination to succeed; as well as the expertise and hard work of staff and the support provided from parents/carers. The results days were a wonderful opportunity to celebrate as a community.

I also wish to express my gratitude to the parents/carers and students, who

were affected by the inaccurate results in GCSE Art and Photography. I appreciate this was a difficult time and I want to thank you for your patience and understanding whilst we pursued the matter. All candidates have now been notified that our appeal to the examination board was successful, and following an external review of the moderation process, all of the school's original grades have been rightly reinstated.

With more than 400 students in the Sixth Form now, it definitely has a buzz about it! Year 12 have made an overwhelmingly positive start and in my first student voice session with them, it was clear to see how much they are enjoying Sixth Form life. We really are fortunate to work with such terrific young

adults who are role models for our younger students.

Similarly, Year 7 students have settled in very quickly and are also making a very positive impression. I am enjoying seeing them in lessons and chatting to them at social times as they share their achievements with me and the rest of the team. A number of Year 7 students also spoke to parents/carers at our recent Open Evening. They were superb and terrific ambassadors for the school. Their enthusiasm is infectious and I look forward to them experiencing more that South Hunsley has to offer next half term.

Having been in post a year now, it has been much easier to identify early the areas that we will focus on this year. A key priority, that

remains a national priority, is attendance. I want to offer my sincere thanks to parents/carers for working in partnership with us as we are making significant progress and are almost back to pre-covid levels of attendance in school.

Another priority that has continued from last year is SEND. We have made some significant developments but have further plans which include working in partnership with Northcott School, continuing with the parent/carer working group and prioritising training for staff on ADHD and neurodiversity.

Creating a culture of reading and supporting weaker readers is a priority this year and we are excited to have been successful in our request to be part of a national pilot to trial a commercial phonics intervention programme aimed at secondary school students. We will keep relevant parties updated on this as well as prioritising reading across the curriculum and making it a regular feature in this newsletter.

Continuing to develop best practice in specific aspects of teaching will remain on our school improvement plan year on year. Dylan William, a Professor in Education, said: *'Teaching is such a complex craft that a lifetime is not*

enough to master it.' Teachers across The Education Alliance are committed to professional development because we acknowledge that even the strongest teachers can continue to refine their pedagogy. Last year, we focused on retrieval and this year checking for understanding in lessons will be our thread. Similarly, we regularly review our curriculum offer, ensuring it leads to successful outcomes and enables students to reach their chosen destinations.

Strengthening communication between home and school is another area we are keen to explore this year and we will be in touch in the new year to gather your feedback and ideas.

The final area we are continuing to focus on is personal excellence. Our plans include work on character and behaviour. You will have seen that we have made some changes to the planner this year and warnings for conduct and organisation have been separated. This means that students will not receive the most serious sanctions as a result of a lack of organisation. (Please note that unless students are receiving 4 written warnings for conduct or 4 for organisation, the warnings are just reminders about our expectations. They are

not recorded and each week is a fresh start for students) In contrast, we place more emphasis on positive recognition through the stamps awarded in planners. Students should be receiving up to three stamps every lesson and they can collect additional ones from staff around the school site. Stamps can be awarded for a number of reasons including correct equipment, engaging in lessons, being on time and producing great work. These are recorded and can be saved throughout the year and exchanged for larger rewards in our shop or more frequently for smaller items. To continue to support school with behaviour, a key thing parents/carers can do is check planners and praise/reward students for the number of stamps they are receiving. Thank you to all the parent/carers who we know regularly do this.

Lastly, thank you to all the parents/carers who have informed us about your child's achievements outside of school. We love to hear about them as it provides us with another opportunity to praise students and build positive relationships.

Thank you for your continued support and I wish you all an enjoyable half term.

M Blackledge
Headteacher

COMMUNITY

MACMILLAN BAKE SALE

Thursday 26 September

At the Year 6 Open Evening, a group of student volunteers held a charity bake sale to help raise money for Macmillan Cancer Research. On the following day, Sixth Form students hosted a bake sale for all year groups for Macmillan Coffee Morning in The Space, alongside a number of bakes in staff rooms to raise funds for the cause. We raised over £300 in total, thank you to all who donated!

BBC BITESIZE CAREERS TALK

Tuesday 1 October

Thank you to the team at BBC Bitesize for joining us this term for a special panel session, showcasing the wide range of roles available locally and nationally after education. On the panel included representatives from The Deep, BBC Lancashire and Svitzer Global who discussed their day-to-day responsibilities and what it is like to work in their sector.

GCSE SUPPORT EVENING

Thursday 10 October

Thank you to all parents/carers who came along to our GCSE Support Evening in Riding Hall this term. The event served to inform the most successful ways to support your child whilst they undertake their GCSEs, including the importance of planning, independent learning, revision, exam technique, answer structure and much more.

Family involvement during this crucial time can make a big difference, with successful students often talking of the importance of a 'team effort'. According to research, parental support is up to eight times more important in determining a child's academic success than background and social circumstances.

If you would like to view the slides from the evening, please [click here](#).

WELLBEING WEEK

Monday 7 - Friday 11 October

World Mental Health Day takes place annually across the globe and aims to shine a light on improving mental health for everyone. Each term we hold a Wellbeing Week which is designed to inform and inspire students to maintain strong mental wellbeing. Assemblies were held throughout the course of the week with tips on improving mental health.

BLACK HISTORY MONTH

Thursday 24 October

To commemorate Black History Month, the Space and Library played host to an art and poetry exhibition during lunchtime on Thursday 24 October. The purpose of the exhibition was to show appreciation of black culture through a series of work by artists and authors.

CRY HEART SCREENING

Saturday 19 - Sunday 20 October

Funded by the Jamie Loncaster Memorial Fund, the team at CRY carried out an ECG on young people in the community for free as part of their mission to diagnose cardiac abnormalities and save lives. You can find out more about the charity by visiting their website [here](#). Thank you to the CRY team for joining us.

GCSE AND A-LEVEL RESULTS DAYS

Thursday 15 and Thursday 22 August

Congratulations to all who received their GCSE and A-Level results over the summer break; students have excelled again this year and we are absolutely delighted by their performance.

Brilliant grades have been achieved by both Year 11 and Year 13 students. The results reflect the outstanding teaching in each subject, the dedication students put into their studies and the support from home.

Our students are now well prepared for their future destinations and we have thoroughly enjoyed welcoming back those who joined South Hunsley and Sixth Form this September.

We congratulate all students on their well-deserved success and we are extremely proud of their achievements.

Students joined us in The Space in the morning to collect their results, giving them an opportunity to celebrate with their friends and speak to their teachers if they need support with UCAS. Brilliant grades were achieved across both year groups, reflecting the hard work that they have dedicated to their studies.

Well done to all, we are excited to see where your journey takes you.

YEAR 6 OPEN EVENING

Thursday 24 September

On Thursday 26 September South Hunsley welcomed prospective students and their families to our popular Year 6 Open Evening event, offering a glimpse into our curricular offer and school community.

Welcome talks were held in Riding Hall, opened by a small group of current Year 7 students who spoke to the audience about their experience of joining South Hunsley School only a few weeks before. Our Headteacher Ms Blackledge then presented the school's ethos and values, as well as our students' achievements and the ways in which the school commits to creating a happy learning environment.

Guests were invited to take part in guided tours hosted by a team of Year 11 and Sixth Form students, where they were shown all the main buildings across the site as well as the communal areas such as the canteens, assembly halls, SEND space and much more. The tours took parents and children to a number of classrooms where teachers presented subject-specific demonstrations – 3D printing, science experiments, rock climbing are just a few examples of the activities that took place throughout the evening.

The Space held a number of stands with information on our support services as well as menu tasters and refreshments. A group of Year 7 students also held a charity bake sale for Macmillan Cancer Support, helping to raise over £80 for the cause – thank you to all who bought a bun or donated a bake.

Overall we were very pleased to meet so many prospective students and their families.

If you were unable to make the event, you can access Ms Blackledge's [welcome talk slides here](#) or if you would like to book a tour around the school please [complete the form here](#).

SIXTH FORM OPEN EVENING

Thursday 17 October

Current and prospective students and their families joined us for the South Hunsley Sixth Form Open Evening this term to see what makes us such a popular choice for young people. The event brought huge footfall and was a great success. A welcome talk by headteacher Ms Blackledge and Sixth Form Directors Mr Jacobs and Mr White took place in The Hub along with an Aspire Medical Pathway and Industry-Led Curriculum talk in Melton 1 and 2.

Thank you to all who joined us and a special mention to the staff and student helpers who gave their time for the event.

HELP WANTED!

**CALLING
ALL
SIXTH
FORM
STUDENTS**

RIBBLESDALE 2025

30th June - 11th July

**Are you fun loving? Will you get involved?
Do you want an adventure?**

We are again looking for student helpers to help make the Ribblesdale visit a success! If you would like to know more, please speak to Mr Loynd or Mrs Simpson.

Thank you to our EcoHunsley committee for carrying out a litter picking session in their spare time

ECO UPDATE

We have had a great start to the year welcoming lots of new faces to the eco-committee, and we are looking forward to starting our projects for this year.

We have already completed our first litter pick of the year, and had an overwhelming number of volunteers, so we are very grateful to all of those. We spent an hour after school collecting litter from various areas. Unfortunately, we collected quite a lot of litter from around the seating areas and the field. However, we have just had our first EcoHunsley assembly of the year, which we spoke about the litter we had found, so we are hoping this encourages everyone to place their rubbish into the bins around school.

Did you know, that from the 380 million portions of fish and chips sold each year, 75% of those contain litter that the fish have eaten. This isn't just microplastics, but large chunks that you would be able to actually feel if you chewed it. This is just one of the many important reasons it is important to put litter into the bins. It is very important in our community as we are so close to the Humber, meaning that any litter thrown around can easily make its way into the river and then into the sea.

One of our projects this year for the Green Flag Award is giving each form group a plant to look after. They will have to water it, and make sure it has all the correct conditions. At the end of the year there will be prizes for the healthiest plant. We had a lot of fun planting the plants into their own pots to be delivered to the form, so we hope that the classes take really good care of them.

If any student is interested in joining the EcoHunsley committee, we meet every Thursday lunch in KF26 - all welcome.

We are proud to be an official partner of #GreenCareers Week.

Pictured: Representative from Microsoft UK

CAREERS SESSIONS

Monday 20 September

Sixth Form students were invited to join a number of Careers Talks held by local and national employers this term. The talks offered students an opportunity to learn more about industries such as Law, IT, Motoring and more. As well as discovering the various careers available to them after education, students were also able to join a talk based on Degree Apprenticeships which offer a paid-for degree alongside industry experience and earning a salary.

WE NEED YOU!

Are you in an interesting line of work or work within an unusual industry?

We are looking for parents/carers who could carry out a Careers Talk for students to inform and inspire them for future pathways. We will need speakers throughout the next academic year, so if you think you could be a good fit then please contact us on careers@southhunsley.org.uk and a member of the Careers team will get in touch.

APPRENTICESHIP PREPARATION PROGRAMME

Launched September 2024!

Our Apprenticeship Preparation Programme aims to support those students in Year 11 and Year 13 with their applications into higher and degree level apprenticeships.

The programme was set up in response to national feedback regarding no structured timeline for apprenticeships compared to the UCAS process. At South Hunsley we decided to set up a programme of our own, gaining national recognition and winning a number of awards.

This school has an
Apprenticeships

Apprenticeship Champion

STUDENT WORKSHOPS

Those on the Apprenticeship Preparation Programme are able to take part in a number of different activities and workshops to support a future application.

So far, students have benefited from a number of different workshops such as Search and Apply, CV Writing and Degree Apprenticeships. There have also been a number of employer talks to discuss the various recruitment and selection processes within the region. Businesses such as Cranswick PLC, Wilkinchapman Solicitors, HBTC, JZ Flowers Hull City, Microsoft and Yorkshire Wolds Teacher Training have delivered sessions.

More talks are scheduled next term from RSM Accountants, BAE Systems, Heron Foods, Inspire Ignite and Health Captains which aim to support those looking for experience in the health and social care sector. There will also be an on-line webinar from a nationally recognised employability skills development organisation. Students who are looking for an apprenticeship or going to university are able to sign-up to these opportunities via TEAMS or email to Mrs Barley.

SAM FOSTER - TALENT AQUISITION AT CRANSWICK PLC

"We engaged with The Apprenticeship Preparation Programme last February which is led by Sarah Barley, who does an excellent job of showcasing all career options available to students—something we don't often see with other schools and sixth form colleges.

We were asked to come in to deliver a talk on the career options at Cranswick PLC and discuss the application process. Following this two students were able to secure a degree apprenticeship with us.

Lilly was particularly passionate about food, initially planning to study Food Science at university. However, after learning about our Food Science Degree Apprenticeship through the partnership, she applied and impressed us during the two-stage interview process in early 2024. She was offered a position starting in the summer, pending her A-level results.

Jacob was set on pursuing an apprenticeship but was unsure about which path to take. Through our partnership with South Hunsley, he was introduced to our Operations Degree Apprenticeship. Following his successful two-stage interview in early 2024, Jacob was also offered a start later that summer, pending his A-level results. He has since enrolled in the four-year Manufacturing Management Degree Apprenticeship with the University of Lincoln.

Both students are now earning a competitive salary while working full-time in the industry, studying part-time at university, and earning a degree qualification—all with academic and professional costs fully covered by us.

We are very much looking forward to working with South Hunsley's unique and innovative Apprenticeship Preparation Programme again this year."

GRACE L

Congratulations to Year 13 student Grace who represented Yorkshire as the County Champion at a golfing event last month. Grace finished in 3rd place overall out of 24 counties. Well done!

SPEECH COMPETITION

Congratulations to Year 11 student Laiba for winning two 2nd place prizes at the National Speech Competition and National Poetry Competition this term.

CHRISTIAN K

Well done to Year 11 student Christian who placed 3rd in the Trafford Athletics Club Combined Events Classic 2024 for U17 Mens Octathlon at the end of September.

ISABEL P

Year 8 student Isabel was the recipient of three British Gymnastics medals this term at the Disability British Championships 2024. Well done on your achievement Isabel!

CHARLOTTE V

Congratulations to Year 9 student Charlotte for winning 1st place in the Hedon Jongleurs Young People's Poetry Competition earlier this year. The contest is open to all young adults aged 12-21 years within the HU postcode. Well done!

HANNAH B

We were delighted to hear that Year 12 student Hannah on her selection to England Rugby League's two year scholarship - National Talent Pathway. Good luck Hannah!

STUDENT GOOD NEWS

We love having the opportunity to celebrate and share our student's achievements, whether they took place in or outside of school. If your child has a piece of good news or wins that you would like us to include in future newsletters or on our social media, please send an email to marketing@southhunsley.org.uk

CURRICULUM SPOTLIGHT: GEOGRAPHY

Within Geography we seek to further understand the physical world around us and learn about our place within it. We look at the relationships between ourselves and the natural environment as well as the changing nature of our world.

At South Hunsley one of our aims is for students to appreciate the wonder and awe of our planet and have opportunities to learn more. In Year 7 we start by looking at our local area through Ordnance Survey Maps; students love spotting features they know as well as learning the skills to interpret them.

For us being able to leave the classroom is key; we run trips at different scales

so students can achieve this. Starting in Year 7 we measure microclimates around the school and consider how features like aspect can create differing conditions. GCSE students are able to see how York fits into the Burgess Model and consider urban changes. They also visit Hornsea and Flamborough Head to see the effects of erosion and longshore drift and consider how humans have interrupted these processes.

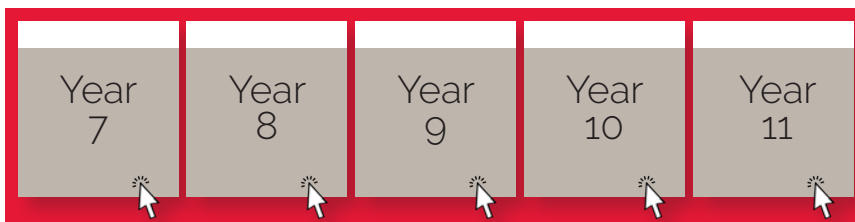

Within A Level Geography we visit a range of urban localities (Hull, Leeds, Middlesbrough) to see how planners have attempted to make successful urban environments and consider their effectiveness. Students also have the opportunity to visit the land of fire and ice, Iceland, and really marvel at what nature can achieve. As well as considering how humans can harness this power to help us achieve our goals.

All these opportunities we hope, help students to appreciate the wonder of our world and to help them learn more about how our actions affect and change it.

CURRICULUM OVERVIEW

Termly Update

All parents/carers should have received a Curriculum Overview for their child, showcasing the various topics that they will be learning in each subject. Please click on the links below to access the documents per year group.

ASSESSMENT & FEEDBACK

We've recently updated our feedback guidance across all subjects, which can be found on our website [here](#).

This continues our approach of focusing on the quality of feedback, meaning that we may mark fewer pieces of work but with more impact.

Library Opening Times:
 8.30am-5.00pm Monday - Thursday
 8.30am-4.30pm Friday
 1.00pm-1.15pm Closed for lunch

WELCOME TO OUR FIRST INSPIRING READING PAGE

At South Hunsley, we recognise the importance of reading in improving life chances for young people. We share our love of reading through promoting a culture of reading, providing students with access to a range of texts in all subjects and supporting students who struggle with reading with interventions and in class support. We aim to develop independent readers who have a good understanding of texts - both fiction and non-fiction.

The purpose of this page is to provide practical support for parents to support students with reading outside of school.

Where can we access quality texts?

- School or community libraries not only offer free access to books, but they often also have audio books and e-books that your child could borrow.
- Book shops provide a chance for your child to browse and purchase books with support from the staff, if they wish. Some book shops will have review cards dotted around with some of their top-picks too.
- Audio books can be purchased from devices, including phones, as well as on CDs or borrowed from a library.

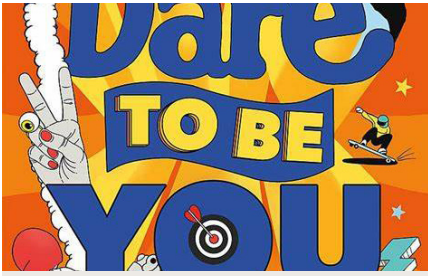

How do we choose what to read?

- Helping them to enjoy reading and find material they want to read is the important thing. This might mean they choose a fiction novel, but it might mean that they also find a range of online articles or websites they enjoy exploring. They may find they enjoy reading magazines or graphic novels.
- Think about topics they are interested in. You could look at fiction books related to the topic, or encourage them to read online articles about it.
- If they have liked a book before, encourage them to read another text by the same author.

How can I support my child with reading?

- Help your child to be proactive in their wider reading. For example, if they are covering WWII, explore age appropriate texts on this through poetry, online articles or novels. You can find out what your child is studying by accessing the curriculum section on our website.
- Find a quiet space and time during the day/week where your child can regularly read alone or with you.
- Take an interest in what they're reading and studying at school by reading around topics as well so that you can engage in discussion about their texts/ areas of learning, whilst modelling an interest in reading.

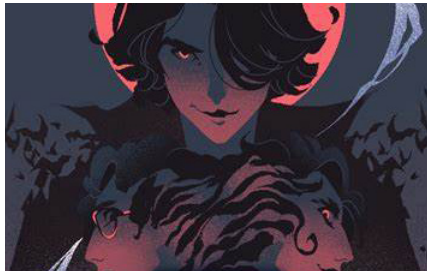

THIS HALF TERM'S RECOMMENDED READS:

DARE TO BE YOU

By Matthew Syed

What would you dare to try if you stopped worrying about fitting in? Drawing examples from sport, science and even business, Dare to Be You empowers young readers to follow their own path, love what makes them different and question the world around them.

YOUNG GOTHIC

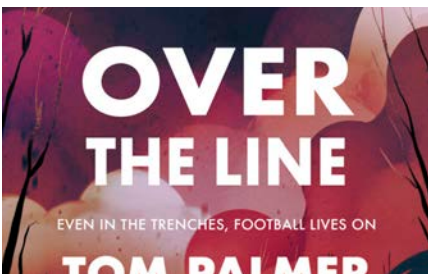

By M. A. Bennett

You've heard of Frankenstein's monster, you've heard of Dracula, but have you heard of the Villa Diodati? Eve, Griffin, Hal and Ren embark on a summer they'll never forget at the birthplace of all things gothic. The summer is beset by mysterious happenings, as the monsters they create begin to clamber out of their minds.

CAREER PLANNING FOR TEENS

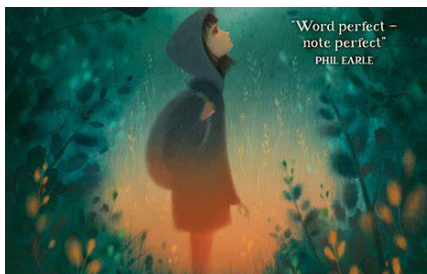

Are you a teenager that doesn't really know what you want to do in the future? With this book you can discover your passions, talents and interests. No big words or confusing stuff here - just simple, easy-to-follow steps that will help you figure out the next steps.

OVER THE LINE

By Tom Palmer

It's the proudest moment of Jack's life: his debut as a pro footballer. Now he has a chance to achieve his dream of playing for his country. But it's 1914 and the world is at war, so Jack and his team will have to survive a waking nightmare if they are to ever play again.

BIRDSONG

By Katya Baylen

After a car crash, Annie is unable to play her flute and retreats from the music she's always loved. Then she meets Noah, who shows her the blackbird's nest hidden near their flats. As their friendship grows, the birdsong ignites her passion for music in the midst of tragedy.

UNBOXED

By Non Pratt

Four friends meet up at their old school to open a memory box containing letters that their friend Millie, who died, left them - only to discover a new letter that leads to them revealing their deepest secrets.

A dyslexia-friendly text.

DUKE OF EDINBURGH EXPEDITION

Friday 20 - Sunday 22 September

Well done to our Duke of Edinburgh Silver Award students who carried out their expedition around the Kirkbymoorside area in the North Yorkshire Moors this term.

RESTART A HEART DAY

Wednesday 16 October

As part of Restart a Heart Day, Year 7 students were taught vital lifesaving CPR skills by Yorkshire Ambulance. Students were shown how to administer CPR on specialist dummy pillows and given more information on the importance of heart health.

EXTRA-CURRICULAR TIMETABLE

We are proud of the extensive opportunities that are open to our students. Please click below to see our timetable of extra-curricular clubs and activities for winter.

[CLICK HERE](#)

MR WILLIMAN FUNDRAISER

Monday 30 September

Having now completed my 145th daily 10k run I wanted to say a heartfelt thank you for your support, encouragement, and generosity during my 900-mile challenge for the Ruth Strauss Foundation.

From running with friends and colleagues around the Yorkshire Wolds to 10k's in the highlands of Scotland, the Peak District and along the beautiful coastlines of Croatia and North Norfolk, it's been an amazing experience and journey.

Most importantly, it's given me a chance to raise awareness of the vital work the foundation does in supporting children and families who are sadly facing the loss of a parent or carer; and through your generosity we've also raised £6,500 along the way.

This was always planned as a 'warm up' as I continue to build on Erika's legacy and pay tribute to the amazing pre-bereavement work she did for our children and myself. Next, it's the London Marathon in April and then the 'big walk' in the summer when I aim to take the message behind the RSF around the country by walking between the 18 county cricket grounds starting in Durham and ending at Lords. More details about these to follow, so watch this space!

My [JustGiving page](#) will remain open should you wish to read more about my journey so far, donate to the RSF or share with anyone you feel might be interested in what I'm doing or planning to do.

Thanks again for your kindness and generosity and for supporting the tremendous work of the Ruth Strauss Foundation.

Best wishes to you all and kind regards.

Rich Williman

LOST PROPERTY

If your child has misplaced an item of uniform or any other belongings, we host a lost property event every half term whereby the items can hopefully be reclaimed. Once a lost property event date has been scheduled parents/carers will be notified via email. Please be reminded that we ask for all uniform to be clearly labelled with your child's name.

GENDER SPACE INFORMATION SESSION

Tuesday 29 & Wednesday 30 October

The Gender Space service at Barnardo's are inviting parents/carers to join their monthly information webinar sessions, the next session taking place on Tuesday 29 October between 12:30pm - 1pm or Wednesday 30 October between 3:30pm - 4pm. The Gender Space is a support service for trans, non-binary and gender questioning young people and their parents and carers. During the session participants will also have the opportunity to ask any questions they may have.

Please click the link [here](#) to register for the webinar.

TRIPS & VISITS

Bon voyage to all the students and staff who are taking part in the following visits taking place this October half term!

- Sixth Form New York City and Washington Ski Visit
- Football Development Programme with FC Bayern Munich
- Bonn German Exchange

Thursday mornings at All Saints, Brough

Holy Communion (9.30) All Saints Brough, Welton Road (near the Burrs) followed by Coffee & Chat. All Welcome including dogs! Why not pop in?

Monthly Coffee Mornings 10-12

October 10th with advice drop-in by Unique Friends (support for parents who have children with additional needs)

November 7th banish winter blues with coffee and cake, and proceeds towards work of the local church

December 5th Christmas Coffee Morning with raffle and proceeds to a Martin's House Children's Hospice

COFFEE & A CHAT

All Saints' Church in Brough are holding a series of monthly Coffee Mornings open to all.

The sessions follow their Holy Communion service, offering free coffee and cake and a listening ear. All donations on the day are given to a nominated charity.

TRAFFIC ARRANGEMENTS

As part of our commitment to ensuring the safety of our site, and help with traffic flow, we have notified our parent/carer community of the following traffic arrangements during drop-off and pick-up times at school. [Please click here to view the letter.](#)

ALLERGENS

Please be reminded that for the continued safety of students and staff we are a **nut-free school**.

PASTORAL TEAM

High quality pastoral care and support for all students is our top priority.

Each year group has two members of staff jointly leading it: a Head of Year and an Assistant Head of Year. Both support students with all aspects of pastoral care and both are available throughout the day as the first point of contact for parents/carers. Similarly, any students who have difficulties are able to access the help and support they need and build a relationship with the team.
