4 January 2023

Dear Parent/Carer

Re: Tree Planting Visit to Omya Quarry, Melton.

The Omya Quarry in Melton is rewilding part of their site with the help of a Hull based charity: The Humber Forest, who planted over 72,320 trees last year. They have invited some students of South Hunsley to take part in a tree-planting project.

As part of your child's involvement in the Eco Club, they have been offered a place on this visit. Your child has been given priority because they are part of the Eco-club. The project will take place on the mornings of Tuesday 17 and Wednesday 18 January 2023.

We will leave South Hunsley at 8:50 am and travel to the quarry site on the school minibus and we will return to South Hunsley School by lunchtime.

Students will need some clothes and shoes that are warm and preferably waterproof, and they may get muddy. They can come to school in their outdoor clothes but will still need their uniform for the afternoons when they will be back in lessons.

If you would like your child to take part in the tree-planting, then please complete the attached consent slip and medical form and return it to Miss Digard by Thursday 12 January 2023

Yours faithfully

Mireille Digard
Trust Sustainability Lead & Teacher of MFL

Tree-Planting Project –Omya Quarry, Melton- Tuesday 17 January and Wednesday 18 January 2023

I wish _____ (Student Name) _____
(Form) to attend the Tree Planting Project at Omya Quarry on the 17 and 18 January 2023
