Dear Parent/Carer

Re: Student Options

Name: Reg. Group: House:

I would like to thank students, parents and carers for the prompt submission of our Key Stage 4 Pathway Options forms. As outlined in our Key Stage 4 Curriculum booklet, all students will study English (a combined course which includes Language and Literature), Mathematics, Science, PE and Community and Personal Studies.

Alongside these subjects, I can confirm that the options chosen by NAME at present are:

Where students have expressed an interest in the Level 2 Certificate in Further Maths, or IT User Skills (ICDL Extra), information regarding the timings of these courses will be provided early in September.

Over the next few weeks we will be working hard to try to accommodate all students' choices. Each year however there are some clashes which cannot be resolved. Where this happens we will contact parents, carers and students to look at possible alternatives.

One important point that all students need to be aware of is that each year a number of students will move between our year group cohorts (the A Half and the B Half) so that their choices can be accommodated. All option subject classes will be a mix of students from the A Half and the B Half.

We are keen to continue to support students through the options process as much as possible. If your child has any questions relating to further or higher education or employment, our careers advisor is available for telephone support. Please contact your child's Head of House if you would like to book an appointment. Additionally, if you have any queries about the options process please contact the school.

I hope that NAME is looking forward to starting Year 10 and that the next two years will be exciting, challenging and successful.

Yours faithfully

H. Savory
