Re: Year 11 Maths Booster Saturday 10 June 2023

Dear Parent/Carer,

We are in a great position to be able to invite all Year 11 students to attend a maths booster session on Saturday 10 June 2023. We have chosen this date as this is four days before the final maths exam, and this gives us a good opportunity to revise some key topics at a crucial time. As the students will have completed the first two papers, we will have analysed these two papers and will be able to target revision based on topics that haven't been assessed in the earlier papers.

Students will need to arrive at school at 9.00am for a 9.10am start. The sessions will run until 12.30pm with a 20-minute break built into the morning. Students will need to bring their books, calculators and their usual maths equipment.

Please can you confirm the attendance of your child by clicking on the link below:

Yours faithfully,

Craig O'Hara
Director of Mathematics
