

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education." Martin Luther King, Jr.

Through a rich array of opportunities and experiences our students **learn** to develop **curiosity** for the world around them. Through this **wisdom** they develop a greater understanding of their role within it.

Our core entitlement and enrichment opportunities are designed to take students outside of their comfort zone, open their eyes to their **limitless potential** as they show **determination, resilience** and **courage** to develop an appreciation of their role within the local, national and global **community**.

Rationale

Our curriculum offers students the opportunity to **learn** powerful knowledge. By participating in the rich array of opportunities and experiences that we have to offer beyond our curriculum students develop the positive characteristics that mean that they can achieve their **limitless potential**, whilst understanding their role within the local, national and global **community**.

To enrich and extend our students' experience we provide a programme of trips, visits, events and the opportunity to commemorate special and important occasions throughout the year. Our offer includes a core entitlement which we hope that every student will experience at each key stage and a range of key enrichment opportunities in the arts, STEM, community and sport which complement our school curriculum.

In addition to this we offer a wide range of lunchtime clubs so that our students can develop new skills and interests as well as additional study support sessions at KS4 and 5.

In Year 7 we have launched the Hunsley Award, an award to celebrate contribution and excellence beyond the classroom. Our Year 7 students are proudly wearing honours badges for participation in key enrichment opportunities.

Core Entitlement

Our core entitlement embodies what it means to be part of South Hunsley School and Sixth Form. Through these experiences our students develop confidence, leadership and a sense of community. We hope that they make memories that will last them a lifetime.

Enrichment Opportunities

Our enrichment opportunities offer students the option to develop their passion for the creative and performing arts, STEM, whilst our student community groups drive positive change. Our sporting individuals and teams thrive and there are a wealth of sports clubs and teams.

CORE ENTITLEMENTS

KS3

Ribblesdale Residential

Courage
Patience
Resilience
Self-discipline

KS4

Sports Leaders

Perseverance
Generosity
Courage
Collaboration

KS5

Community Contribution

Kindness
Compassion
Humility
Citizenship

ENRICHMENT OPPORTUNITIES

The Arts - Creative & Performing Arts

Creativity
Courage
Collaboration

School Productions

Every year the school produces and performs an annual whole school production and we encourage engagement from all year groups and areas of skill – including backstage. In addition to this student groups collaborate to perform at a range of events through the year combining drama, dance and musical performances.

Instrumental Ensembles and Choir

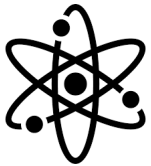

The school offers a wide range of ensembles, including both Junior and Senior Choir plus band and the GCSE compositional workshop. These ensembles (alongside individual performers) have the opportunity to perform throughout the year.

School Music Service

Through the East Riding Music Service our students are able to access one to one and small group music tuition and access to instruments. The School Music Service also runs a number of lunchtime ensembles for each instrument.

ENRICHMENT OPPORTUNITIES

The Sciences - STEM

*Wisdom
Creativity
Curiosity*

International Computer Driving Licence (ICDL)

Students in Year 10 and Year 12 are given the opportunity to study the ICDL, an internally recognised qualification in proficiency in digital skills.

Further Maths

Students who enjoy and excel at maths at KS4 may study further maths.

STEM

Our KS3,4 and 5 students are able to partake in a range of STEM activities through STEM club and in-year challenges.

Sport

*Determination
Resilience
Self-Discipline*

Our sporting offer is extensive, enabling our students to train and the chance to compete at a local, regional and national level.

Community

*Humility
Compassion
Citizenship*

Duke of Edinburgh

Starting in Year 9, students can work towards the Bronze, Silver and Gold Award.

Changemakers

Our Changemakers group is open to all students. This working group champion equality, diversity and inclusion throughout the school.

Eco-Committee

Our eco-committee is open to all students. This working group champion sustainability throughout the school.

Creative Arts Leaders

Our Creative Arts Leaders are a group of students who champion the creative and performing arts and the positive impact these have on our school community.

Student Leadership

Our student leaders act as a voice for all students, gathering information from their peers and feeding back on key issues for our students. Our student leaders drive positive change focusing on student experiences.
