Dear Parents/Carers

Re: Year 7 Support Materials

Further to our communication last week relating to NEU strike action, we have no choice but to close the school to Year 7 students on Wednesday 5 May and Friday 7 May. The school will be open as normal to all students on Thursday 6 May.

Please find below resources and materials that students can complete at home that are matched to our current curriculum. These resources and more are always available for students who are working at home on the Limitless Potential pages of our school website here: <https://southhunsley.org.uk/limitless-potential/>.

English

Students are continuing their study of poetry. Students should complete lessons 1/2/3/4 on Creative Writing: Poetry made available through the Oak National Academy website (see link below). After watching each video and completing the tasks set by the presenters, students can take the appropriate unit quiz.

<https://classroom.thenational.academy/units/creative-writing-poetry-5439>

Maths

The maths curriculum is currently covering data handling – Year 7 Unit 5. Our Limitless Potential pages have links to Hegarty Maths and Oak National Academy resources that cover a progression of shapes. Students should access the Maths section of the Year 7 page on our school website and complete the videos and tasks for the most recent shapes they have covered in their maths lessons here: <https://southhunsley.org.uk/limitless-potential/limitless-potential-year-7/>.

Science

Students are on the Relationships in Ecosystems topic. A link to Oak Academy resources that cover Forces and Motion is available below. Students should complete the lessons for the topics they have most recently studied, or can access any of the Adaptions, Natural Selection or Biodiversity resources: <https://southhunsley.org.uk/limitless-potential/limitless-potential-year-7/>

Students can also use their time to complete any homework they have. This can be found on Teams and includes the English and maths work that is set as standard every week. Additionally, students may want to use some of their time to continue with their current reading book.

Please note that students who would normally receive a free school meal will receive a top up of £6 on their account.

Thank you for your ongoing support.

Yours faithfully

Barry Gray
Deputy Head Teacher
