## POST RESULTS SERVICES INFORMATION AND DEADLINES FOR 2023-24

The following table explains the different post results services available and the deadline for each request.

Service	Deadline for requests to be made	Information	Time to complete after request submitted
Priority remark	A-Level: 31 August GCSE: 7 September	An urgent application that can be made to obtain a remark if your place at university is dependent on the result. There are three possible outcomes for remarks: 1. Your original mark is lowered so that your final grade may be lower than the original grade you received. 2. Your original mark is confirmed as correct and there is no change to your grade. 3. Your original mark is raised so that your final grade may be higher than the original grade you received.	15 calendar days
Remark		The remarking of externally assessed components/units with access to scripts for GCE and GCSE subject examinations. The paper will be presented to a senior marker and remarked. See above for the three possible outcomes for remarks and please note that if the original mark is lowered, your final grade may also be lowered. Subject leaders need to approve any remark requests so please ask them to sign your post results request form before submitting this to the Exams Office.	
Clerical check	28 September	Re-check of all clerical procedures, including checking the addition of the marks awarded. This does not mean a remark. The examination board will only add up the marks already awarded, not check that those marks are appropriate for the answer given.	10 calendar days
Requesting original script	28 September	You will receive your original script back. You will NOT be able to apply for a remark if you have made a request for the original script to be returned.	
Priority copy of script	28 September	This is a priority copy without review or clerical check. You could request this if you are unsure whether you wish to request an enquiry about your results.	
Free access to scripts (Edexcel)	28 September
