

Dear Parent/Carer

I hope you and your family are well and had as good an Easter as possible in these difficult times.

I am writing to thank you for the fantastic response we have had with our recent NHS Heroes campaign. The number of donations we received has been phenomenal and reinforced what a truly exceptional and supportive community we have. Your kind donations have made such a difference to so many NHS frontline workers across our region who have been so grateful for your generosity. On their behalf, thank you.

As well as supporting our incredible NHS staff we would like to offer further support to our local care homes and hospices who are facing extremely challenging times as they care for many of our loved ones and those who are most vulnerable in society. We are therefore planning to share your kind donations with local care home and hospice staff too and will continue to accept donations and small gifts from you for distribution.

In addition, we are also launching an appeal to our students to write messages of support or create colourful posters to let staff and residents in our local care homes and hospices know we are thinking of them at this difficult time. Attached is a copy of the information we have shared and any encouragement you can give to your child to contribute to this would be greatly appreciated.

Can I thank you once again for your kind donations and continuing support for the school and local community throughout this challenging time.

Kind regards

Richard Williman

Messages of support for our community!

During this time we are encouraged to stay at home, our thoughts are with the vulnerable people in our community who live in care homes, nursing homes and sheltered accommodation.

Can you help us to spread a smile and some colour by creating colourful posters or writing messages of support to let people in our community know we are thinking of them?

Please email your poster or messages of support to marketing@southhunsley.org.uk and we will distribute them to our local care facilities to help spread a bit of much needed cheer!
